Swivel clamp and insertable 5° angle adjuster to optimize beam location

Tighten with your fingers.
No tools necessary!

Anodized aircraft aluminum

Uses two 3V lithium batteries

Textured parabolic reflector produces a smooth beam hotspot with optimum peripheral illumination

Dual direction, easy access On/Off switch

470nm ultra-bright blue taillight LED

Reflective strip

C4 LED is 2-3x brighter than previous generation LEDs

Introducing the solution to firemen's hands-free lighting needs. Compact, powerful, shock-proof, and virtually indestructible!

- Lightweight, compact, low profile design easily attaches above or below full brim on fire and industrial helmets
- Fits both traditional and modern style helmets and hard hats
- Rotates 360° on clamp
- Features an ultra-bright blue taillight LED
- Up to 80 lumens measured system output
- 6 hours of continuous runtime to the 10% output level
- Solid-state current regulation for consistent illumination level
- IPX7 rated; waterproof to 1 meter for 30 minutes
- High temperature, shock mounted, impact resistant Boro Float glass lens
- High impact, chemically resistant engineering polymer LED housing
- 3.26 in.; 5.14 oz
- Limited Lifetime Warranty
