

PORTABLE SCENE LIGHT

RECHARGEABLE HIGH LUMEN FLOOD LIGHT

MARKET

APPLICATIONS: Fire & Rescue, Military, Utilities, Law Enforcement, Industrial Safety, Construction, Emergency Medical Services, Sporting Goods.

DESCRIPTION: The Scene Light is an industrial-duty, rechargeable, completely portable high lumen flood light. The Scene Light uses six (6) LEDs and wide pattern reflectors to produce a uniform flood pattern with two (2) selectable beam widths and three (3) light output intensities. The Scene Light's telescoping pole and rotating head extend to an overall height of 72 inches. The Scene Light also features stabilizing legs that fully deploy, and lock, in less than 30 seconds.

CASE MATERIAL: High-impact XENOY® thermoplastic housing. Weatherproof construction.

DIMENSIONS: Length: 22 in. (55.88 cm) Body Width: 6.5 in. (16.5 cm) Overall Height: 11 in. (27.9 cm)
(RETRACTED POSITION) Head Diameter: 6.7 in. (17 cm)

WEIGHT: 25 lbs (11.3 kg) with batteries (included in purchase).

LENS: Unbreakable polycarbonate with scratch-resistant coating. O-ring sealed.

LIGHT SOURCE: Six (6) C4® LEDs, impervious to shock with a 50,000 hour lifetime.

LIGHT OUTPUT: See chart. Six (6) wide pattern parabolic reflectors produce a smooth pattern.

Optimized electronics provide fully regulated intensity. Selectable diffuser setting for two (2) beam widths. Three (3) selectable light output intensities.

ON/OFF: Toggle switch allows operation from internal battery or continuous operation from external 12VDC or AC power source.

RUN TIME: See chart. All run time claims to 10% output level. All models include a 10 foot 12VDC external power cord for continuous operation.

BATTERY: Zero-maintenance 12V, 14.4 Ah sealed lead acid and is rechargeable up to 500 times. Red and green LEDs provide charge status feedback. 10 Hour charge to 90% battery capacity with continuous trickle charge to maximize battery capacity. Scene Light batteries will continue to charge while operating directly from an external 12V DC power source when using the remote cord. AC charger also included for continued use.

MODELS: Standard System - International safety yellow; includes shoulder strap; comes with AC and DC chargers ideal for field maintenance, inspection of construction sites and remote equipment. and shoulder carrying strap; ideal for military operations and general scene lighting.

FEATURES: C4® LED technology and circuit to provide regulated light output throughout battery life. Serialized for positive identification.

WARRANTY: Streamlight's Limited Lifetime Warranty.

OPTIONAL

ACCESSORIES: 120V, or 240V AC (home) and 12V DC (automobile) charger cords. Quick release shoulder/waist strap.
